

Junior Graphic Designer

This job opportunity is exclusively for **First Year Graphic Design** students.

X-Lab is offering an exciting role for a Junior Graphic Designer to join their growing team. The role entails contributing to the professional image and design of the marketing materials for our unique software solutions.

About X-Lab

X-Lab Ltd are based in Leeds and are changing healthcare with intelligent software solutions. Formed in 2006 by staff and students from the University of Leeds, our company has built a national and international reputation for designing digital solutions that transform healthcare by challenging the way its providers think and work.

Essential Skills

First Year University of Leeds Graphic and Communication Design student.

A creative flair and passion for graphic design.

Proactive 'can-do' attitude to your work and keen to learn and develop.

Good working knowledge of Mac and Adobe Creative Suite, particularly Adobe Illustrator, Photoshop, and InDesign.

Excellent time management and organisational skills with a professional approach to time and deadlines.

The ability to work on multiple projects, of varying size, at once.

Desirable Skills

Experience with animation, Adobe After Effects and Media Encoder.

Experience in photography.

Company

X-Lab Ltd,
Leeds,
LS3 1AB

Starting Date

May / June 2019
